

WIRELESS MAGNETIC CALIPER

无线磁栅卡尺

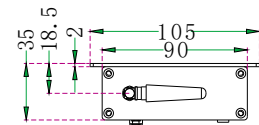

WG09

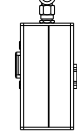

- 智能液晶带背光，大字符高清显示
Smart LCD with backlight, large character HD display
- 2节5号电池供电，嵌入式电池仓，更换电池便捷
2 section 5th battery power supply, built-in battery compartment, convenient battery replacement
- 近2米的超长卡量范围,分内卡和外公卡两种卡量模式
Nearly 2 meters of ultra-long card range, divided into internal card and external card two card mode
- 全铝合金外壳结构设计，磁栅非接触式测量
All aluminum alloy shell structure design, magnetic grid non-contact measurement
- 数显表采用两点自膨胀减振型便捷安装方式
The digital display meter adopts two-point self-expansion and vibration-damping type and convenient installation method.
- 可实现长距离(约100米)无线收发数据功能 (可选配)
Long-distance (about 100 meters) wireless data transmission and reception function (optional)
- 德国进口铝型材导轨及滑块，测量顺滑耐用
Germany imported aluminum profile rails and sliders, measuring smooth and durable

特性 features	技术参数 Technical parameters	备注 Notes
重复精度 Repeatability accuracy	MAX. 0.01mm	
卡量速度 Card speed	Max.2m/s	
卡量范围 Card range	见尺寸图 See dimension chart	
电源 Power Supply	2节AA1.5V 2 AA1.5V	
消耗电流 Consumption current	Max.500uA	寿命约0.5年 Life expectancy is about 0.5 years
最大外观尺寸 Maximum Appearance Size	1877X117.8X114.5mm	
传感器防护等级 Sensor protection level	IP67	
工作温度 Operating temperature	-10 C.....+ 60 C	
储存温度 Storage temperature	-30 C.....+80 C	

(设置及使用要点，详见产品说明书)
(Setting and use points, please refer to the product manual for details.)
